OUR COMMITMENT

"St. Croix Tissue operates in beautiful Downeast Maine. We have a mission to safely produce quality tissue products and a responsibility to drive practices that ensure environmental sustainability for future generations. Our management team is committed to continuous improvement to shrink our environmental footprint. "

- Dan Ludden, Mill Manager

CERTIFICATIONS

Corporate Social Responsibility

St. Croix Tissue is committed to delivering value in financial, environmental, social and ethical sectors to better the society we operate within. In our 2023 corporate social responsibility assessment by EcoVadis, we earned a gold rating scorecard.

The mark of responsible forestry

Forestry Stewardship Council®

FSC® promotes environmentally appropriate, socially beneficial, and economically viable management of the world's forests. St. Croix Tissue products sold with an FSC® Mix claim are made of forest material from well-managed, FSC® -certified forests and other controlled sources.

Promoting Sustainable Forest Management
www.pefc.org

Programme for the Endorsement of Forest Certification

PEFC works throughout the forest supply chain to ensure that forest products are produced with highest respect for ecological, social and ethical standards. St. Croix Tissue products sold with a PEFC claim and label are made of forest material from well-managed PEFC-certified forests.

Sustainable Forestry Initiative® Inc. Certification

SFI® is an independent, nonprofit organization dedicated to promoting sustainable forest management. St. Croix Tissue products sold with an SFI® Volume Credit claim are made of forest material from legal and responsible certified sources.

SFI-03529

Good Manufacturing Practice (GMP)

St. Croix Tissue is certified as meeting the requirements of Good Manufacturing Practices (GMP) as set forth by the Codex Alimentarius Commission, Recommended International Code of Practices for General Principles of Food Hygiene.

Did you know?

Our FSC® Certified tissue products contribute toward satisfying the EQ Credit: Green Cleaning - Products & Materials under LEED®.
